

# NVIAC Divisions Rules

Rev 20220525

NVIAC is a growing league with over a dozen school/teams. Season play and Tournament play can be overly complicated as the number of teams participating in a division reach larger numbers. This document defines the NVIAC rules for team limitations and requirements for separating teams into two divisions as needed.

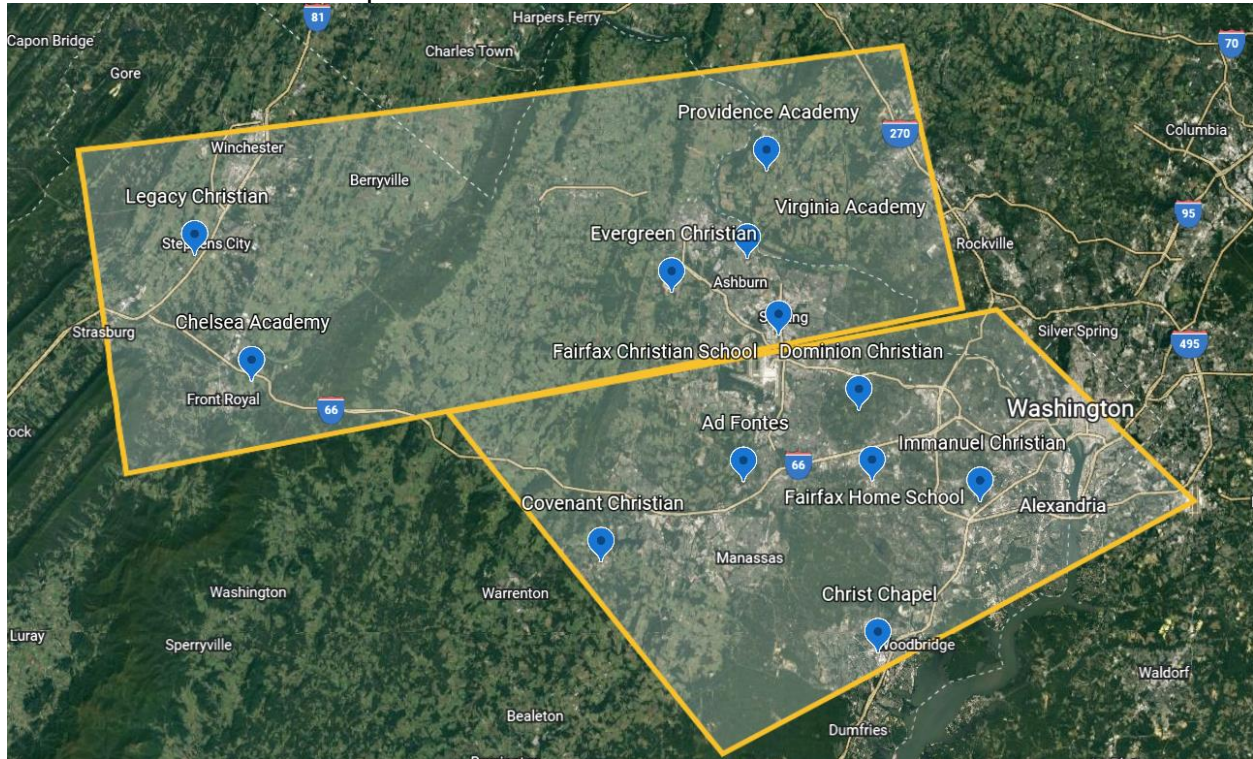

## Section I. Team limitations

When the number of team participating in a division reaches ten or more, the teams will be divided into two divisions, as specified below.

## Section II. Division team assignments

Teams have been assigned to take advantage of geographically nearby teams, to minimize the travel distances during the season.

The current divisions are specified here:

## **NVIAC Divisions Rules**

### **Section III. Multiple Division team play requirements**

When the teams are split into two divisions, the requirements are as follows:

1. All teams in a division must schedule the other teams in the division at least twice (Home and Away games).
2. All teams in a division must make every reasonable effort to schedule the teams in the other division at least once.
3. All teams must schedule at least 75% of the teams participating in the league in a given season.

### **Section IV. Tournament play**

All teams will be seeded in their respective divisions.

Tournament Brackets will be ... <need details>
